

CATARACT LAKE COUNTY PARK

The County Park features a new playground area and equipment.

Location: Williams, AZ

Markets: Government & Municipal | Parks & Recreation

Loven Contracting renovated and rehabilitated the Cataract Lake County Park in Williams, Arizona to increase the public's utilization of the park's space. To achieve this, Loven Contracting's services on the 15.1-acre County Park renovation included replacing the existing park amenities – ranging from shade structures, ramadas, canopies, and bathroom facilities – with new, updated fixtures as well as adding several lakeside detention basins for improved flood control and drainage.

Additional amenities included asphalt driveways, concrete pathways, site lighting, horseshoe pits, playground area and equipment, boat landing, and a parking area. Through Loven Contracting's construction services, what began as an outdated recreation area became a renewed outdoor space that is now enjoyed by many outdoor recreationalists in the City of Williams, Coconino County, and across Northern Arizona.
