

## NORTHERN ARIZONA UNIVERSITY CHICK-FIL-A

**Location:** Flagstaff, AZ

**Markets:** Government & Municipal | Restaurant & Food Service

Loven Contracting renovated the Chick-fil-A at Northern Arizona University. Our scope of services included demolition of the existing acoustical ceiling, rough-in electrical for new equipment and existing equipment for layout of space, and the installation of service line cabinets, soffits, and sneeze guards. Our team salvaged existing equipment for the new build-out, in addition to installing new stainless steel corner guards, cabinets, countertops, and tray slides. Chick-fil-A provided the signage and equipment.
