

## MOTHER ROAD BREWERY

With demand for Mother Road Brewery's product increasing daily, Loven Contracting was honored to provide a range of preconstruction and construction services for expanded taproom and brewery.

From specialized mechanical, electrical, and plumbing requirements to ADA guidelines, health department codes, and fire/life/safety regulations – Loven Contracting was Mother Road Brewery's knowledgeable partner throughout planning and construction.

Mother Road Brewery's status as one of the most recognizable breweries in the state made room for expansion a requirement. Loven Contracting worked with brand stakeholders to define programming requirements for this expansion, thereby enabling long term savings.

**Location:** Flagstaff, AZ

**Markets:** Commercial | Restaurant & Food Service

Mother Road Brewery is one of the fastest growing microbrew brands in the USA, and a cornerstone of the Flagstaff, AZ community. With demand for their award winning product increasing daily, we were honored to provide a range of preconstruction and construction services for their new larger taproom and brewery.

The 8,000 SF build-out includes a taproom, dining and bar space, brewhouse, cellar, chemical, grain and CO2 storage, packaging and canning facility, laboratory, executive and sales offices, and a conference room.

The new facility is already integral to the current needs of the company, and offers room for future expansion as this successful Arizona brand continues to grow.
